

Job Title: UI/UX Designer**Experience:** 4+ Years**Location:** Mumbai / Pune**Employment Type:** Full-time

Role Overview:

πby3 is looking for a creative and detail-oriented **UI/UX Designer** with 4+ years of experience who has strong front-end technology exposure. The ideal candidate should be able to design intuitive user experiences and collaborate closely with development teams, with hands-on understanding of modern JavaScript frameworks like React, Vue.js, and Angular.

Key Responsibilities:

- Design user-centric interfaces for web and mobile applications.
 - Create wireframes, user flows, mockups, and interactive prototypes.
 - Conduct user research and usability testing to enhance user experience.
 - Work closely with frontend developers to ensure pixel-perfect implementation.
 - Maintain and evolve design systems and UI consistency.
 - Collaborate with product, tech, and business teams to define requirements.
 - Stay updated with UI/UX trends and frontend best practices.
-

Required Skills & Qualifications:

- 4+ years of professional experience in UI/UX design.
- Strong portfolio showcasing web and mobile design projects.
- Proficiency in design tools such as Figma, Adobe XD, Sketch, etc.
- Strong understanding of UX principles, interaction design, and usability standards.
- Hands-on experience in frontend technologies: HTML5, CSS3, JavaScript.
- Experience in responsive design and cross-browser compatibility.
- Understanding of component-based architecture and design systems.
- Good communication and stakeholder management skills.
