

Job Title : Full Stack Developer (React Native | React.js | Node.js | AI Integration)

Company: PibyThree (πby3) Consulting Services Pvt Ltd

Location: Mahape, Navi Mumbai

Experience: 4+ Years

Website: <http://pibythree.com>

About Us

πby3 is a cloud transformation company helping enterprises build future-ready solutions with deep technology expertise, optimized cost, reduced risk, and strong delivery ownership.

Role Overview

We are looking for a passionate Full Stack Developer with expertise in React.js, React Native, Node.js, and TypeScript to build scalable web and mobile applications. The ideal candidate should also have exposure to cloud-native development and AI-powered integrations.

Key Responsibilities

1. **Develop and maintain** scalable **Full-Stack Web & Mobile Applications** using **React.js, React Native, Node.js, and TypeScript**.
2. Build **Cross-Platform Mobile Applications** using **React Native** and **Expo** for **Android** and **iOS**.
3. Develop **Backend Services** using **Node.js**, build **RESTful APIs**, and integrate **Third-Party APIs**.
4. Deploy and manage applications on **Microsoft Azure** and implement **CI/CD Pipelines** for automated deployments.
5. Build **Cloud-Native Applications** with a focus on **Scalability, Security, and Performance**.
6. Integrate **Large Language Models (LLMs)**, develop **AI Agents**, and implement **Workflow Automation, Prompt Orchestration, and Tool Integrations**.
7. Collaborate with **Cross-Functional Teams**, troubleshoot **Production Issues**, optimize **Application Performance**, and ensure **Code Quality** through best practices.

Required Skills

1. Strong hands-on experience in **React.js, Node.js, and TypeScript** for **Full-Stack Development**.
2. Expertise in **React Native** and **Expo** for **Cross-Platform Mobile Application Development** (Web, Android & iOS).
3. Experience in building and consuming **REST APIs** and integrating **Third-Party APIs**.
4. Hands-on experience with **Microsoft Azure, Cloud-Native Application Development, and CI/CD Pipelines**.
5. Experience with **LLM Integration, AI Agents, Workflow Automation, Prompt Engineering/Prompt Orchestration, and Tool Integrations**.
